

What is the Sports Premium?

Since March 2013 the Government have provided additional funding to improve provision of physical education (PE) and sport in primary schools in England – The Primary PE & Sport Premium. This funding – provided jointly by the Departments for Education, Health and Culture, Media and Sport – is allocated to primary school head teachers and is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

Purpose of funding:

Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Vision:

All pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport.

Objective:

To achieve self-sustaining improvement in the quality of PE and sport in primary schools. We would expect indicators of such improvement to include:

- The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
- The profile of PE and sport being raised across the school as a tool for whole school improvement
- Increased confidence, knowledge and skills of all staff in teaching PE and sport
- Broader experience of a range of sports and activities offered to all pupils
- Increased participation in competitive sport

Impact

Our staff and children are benefitting greatly from the Sports Premium funding, which is having a positive impact on our pupils' physical wellbeing, as well as broadening all of our horizons with regard to sporting experiences. Below is an outline of the impact that the Sport Premium Funding has had on our school and pupils:

- We have been able to offer a wider variety of sports clubs, most of which were run by specialist sports coaches.
- As a result of this there has been an increased number of children attending sports clubs by the end of the summer term (174 children compared to 133 in 2015/2016)
- The increased attendance at sports clubs has also had a significant impact on the children's abilities. For example, out of ten competitions, the children came either first, second or third place, in seven of them.
- There was also a 7% increase in the number of Y6 children, with 74% of pupils swimming 25 meters by the end of year 6.

	2016-2017		
	% of pupils attending after school sports provision		
	Autumn Term	Spring Term	Summer Term
Year 1	17%	26%	53%
Year 2	35%	31%	51%
Year 3	44%	39%	28%
Year 4	47%	45%	33%
Year 5	33%	48%	32%
Year 6	65%	35%	46%

How will we be spending our Sports Funding 2017/2018?

At Carlton Road Academy we understand the importance of physical activity and sport.
